

Declaration of compliance, NBR

This Declaration of Compliance covers VM Kompensator products:

VM Flex 90/Nitril 3-50 Food / VM Flex/Nitril 6-50 Food

Regulation (EC) No 1935/2004 states that food contact materials should not endanger human health, bring about an unacceptable change in the composition of the food or bring about deterioration in the organoleptic characteristics of the food. To ensure this, rubber must be manufactured and tested according to the expected use.

VM Flex 90/Nitril 3-50 Food / VM Flex 90/Nitril 6-50 Food complies with BfR XXV/1, Commodities based on natural and synthetic rubber in contact with food, category 4.

Category 4 applies to commodities which, when used as intended, are only used under such conditions that no transfer to the food is to be expected. This applies in particular if the article only comes into contact with the food at temperatures up to room temperature and only for a very short time and/or only with a very small surface area.

When used as described for category 4 products, VM Flex 90/Nitril 3-50 Food / VM Flex 90/Nitril 6-50 Food does not apply any danger to health or environment according to Framework Regulation (EC) No 1935/2004, article 3. The product complies with the requirements in Regulation (EC) No 1935/2004, article 15 and 17 regarding labelling and traceability. The product is manufactured according to Regulation (EC) No 2023/2006 on Good Manufacturing Practice. The product complies with the Danish announcement no. 681 of 25/05/2020
